each!

Gratuity and applicable taxes not included.
See adjacent placard for additional Terms & Conditions.

Kur offers **four** Clubs, which are essentially discounted prepaid services, or credits, for prescribed monthly services, by committing to a minimum of six (6) months of membership. Spa credits are quite flexible with many upgrade options available. Each Club comes with a free signing BONUS too! (see details below)

The Spa Clubs allow members may purchase additional services at Club rates. They also offer “**rollover**” protection so you never lose a paid-for service while you are an **active paying member of the Club**.

Terms and Conditions

Gratuity and taxes not included. All Kur Clubs have a **SIX (6) MONTH** minimum membership commitment, which then continue month-to-month until you cancel. Kur will auto-pay from your credit card on file each month, on the same day of the month you joined. To end your contract, you must complete at least six payments and cancel within 15 days of your next monthly auto-pay. Monthly contract pricing is guaranteed for the first six-months; upgrade pricing is subject to change at any time.

Spa Clubs (Massage, Skin Care, and VIP)

Members of these three clubs enjoy one service within your Club each month, and may also come in for additional services at Club pricing, but may not share their benefits with non-members. If credits go unused, they will continue to rollover as long as your Club is still active and billing. Rolled-over credits may be gifted as long as at least one credit remains for the Club member. At time of cancelling, any unused credits will be returned as account credit for future regular-priced services or products.

Yoga Clubs (Yoga and VIP)

Members of these two Clubs enjoy unlimited yoga each month at our best price. As Club members you also receive “late cancel forgiveness” so you never have to worry about penalties for missing a class.

Bonuses

Signing bonuses are for first-time Club members only and are non-transferable.

- **Massage or Facial Bonus** must be booked the day your Club starts and be completed within 30 days.
- **Yoga Bonus** is for 30 days of unlimited yoga classes beginning the day your Club membership starts.
